Ellicott City Water Main Construction to Begin

ELLICOTT CITY, MD - A Howard County construction project to replace an existing 30-inch water main with a 48-inch water main in the vicinity of the U.S. Route 29 and Montgomery Road intersection in Ellicott City is scheduled to begin on or about Tuesday, October 12. The anticipated project completion date is late April 2011.

Construction will take place daily from 7 a.m. to 4 p.m., with micro-tunnel construction potentially requiring around-the-clock work. While the project's impact on traffic in the area is expected to be minimal, signs will be in place to advise motorists of the construction and to direct traffic, as needed.

For questions or concerns about Capital Project W-8243, contact Lisa Brightwell, Public Works Customer Service, at 410-313-3440, or by e-mail to publicworks@howardcountymd.gov.
